1	A & I Dream Sdn Bhd	Engineering Services	Aerospace	A&I Dream Sdn Bhd (AID) is a professional engineering company that serves industry in the areas of computer-aided design, computer-analysis engineering, training & consultancy engineering. Currently, A&ID serves Malaysian and Japan aerospace industries in the areas of CAD jigs design and CNC programming.	✓																		✓						
2	Aabco Engineering (M) Sdn Bhd	Manufacturing	Aerospace, Machinery, Automotive, Oil & Gas, Train & Monorail	Provide Welding And Assembly Jigs & Fixtures, Robotics, Automation Development And CNC Machining Services Provide Design, Fabrication, CNC Machining, Assembly And Installation Of Complete Car Body Assembly Line Toolings.	✓	✓		✓																					
3	Abdullah Chan & Co.	Legal	Aerospace, Aviation, Banking & Finance, Merger & Acquisition, Real Estate	Abdullah Chan & Co aviation lawyers have broad experiences in handling matters involving civil aviation regulation and enforcement, aircraft finance, engine and aircraft leasing, mergers and aircraft acquisition, aircraft service and maintenance agreements, as well as aviation company reorganization, and restructuring issues.																									✓
4	Aerodyne Group	Drone	Aerospace, Oil & Gas, Power & Energy,	Aerodyne is a DT3 enterprise solutions provider, leading the global tech curve in the use of drone data and AI-powered analytics to resolve complex industrial challenges, enabling organisations to rapidly scale, digitally transform, operate optimally and increase productivity. Their AI-powered cloud-based asset management solution - vertikaliti, harnesses the value from drone data, providing deep analytics and actionable insights to help industries with their optimisation goals.																	✓	✓							
5	Aerospace Composites Malaysia Sdn Bhd	Manufacturing	Aerospace	Aerospace Composites Malaysia Sdn Bhd. (ACM), supplier of composite products and subassemblies to the global aerospace industry, is a strategic alliance between U.S. joint venture partners The Boeing Company and Hexcel Corporation.					✓																				
6	Aerospace Malaysia Innovation Centre	R&T	Aerospace	AMIC core business is to embark on collaborative R&T projects, in collaboration with industries and research institutes in the aerospace sector.																					✓				✓
7	Aerospace Partners Engineering Sdn Bhd	Manufacturing	Aerospace	Aerospace Partners Engineering Sdn. Bhd. (APE) was incorporated in 2010 to provide parts fabrication services to the Aerospace industry in Singapore and the region. Founded by two Aerospace entrepreneurs, APE offers state of the art fabrication services to the industry at a competitive rate while operating from a lower cost base in the Iskandar Development Region.		✓	✓			✓			✓																
8	Aerospace Solutions Sdn Bhd	Manufacturing	Aerospace	Specialising In Placing An Investor With An Aerospace Product/Manufacturer. Also Provide Consultancy For Ailing Aerospace Companies Requiring Assistance To Operate More Efficiently									✓					✓				✓						✓
9	Aerotrends Aviation (M) Sdn Bhd	Manufacturing	Aviation	Aerotrends Supply Aftermarket Spares By Trading And Also Stock Goods In Usa And Malaysia Warehouses.														✓	✓									
10	Asahi Aero Malaysia Sdn Bhd	Manufacturing	Aerospace	Asahi Aero Malaysia SDN BHD is the joint company of Asahi Kinzoku Kogyo Inc. and Toyota Tsusho Corporation which specializes in "Special Process" for aerospace parts.								✓																
11	Asia Aerotechnic Sdn Bhd	MRO	Aviation	MRO service provider for commercial aircraft											✓		✓										
12	Asia Digital Engineering Sdn Bhd	MRO	Aviation	ADE is a wholly-owned subsidiary of AirAsia Group. ADE leverages the AirAsia Group Engineering Department's best practices and unsurpassed combined experience in the region. ADE offers a range of aircraft services focused on the Airbus A320, A321 & A330 for line maintenance services, component and warehouse services, and engineering support services.											✓	✓	✓	✓	✓	✓								✓
13	Atc Surface Finishing Sdn Bhd	Manufacturing	Aerospace, Bio-Medical, Optical, Semi-Conductor, Oil & Gas	ATC Offers Metal Finishing Services Including Plating Of Zinc, Nickel, Chromium, Gold, Silver, Chrome, Various Type Of Anodizing For Aluminium, Conversion Coating Such As Passivating And Phosphating. Atc Also Provide Powder Coating And Wet Painting Services.								✓																
14	ATS Turbine Service Sdn Bhd	MRO	Aviation	subsidiary company of ATS Turbine Service (USA) and the core business is to maintain, repair and overhaul PT6A Turbo Prop Engines.														✓		✓								
15	Aumada Energy & Technologies (M) Sdn Bhd	Manufacturing	Aviation	Product Sales And Service Company Providing One-Stop Solution Of Turnkey Energy Efficient System Solutions For Diverse Environments Ranging.																								✓
16	BHIC Aeroservices Sdn Bhd	MRO	Aviation	Provides Mro Services To Military Aircraft And Including Education And Training											✓	✓												
17	BSI Services Malaysia Sdn Bhd	Manufacturing	Aerospace, Automotive, Construction, Education, Food, Medical, IT	British Standards Institution (BSI) by Royal Charter, is the business standards company that provides audits and certification to companies including aerospace standards. BSI also provides testing services, and training courses that cover the implementation and auditing requirements of international management systems standards.																					✓	✓		
18	Bt Technologies (M) Sdn Bhd	Manufacturing	Aerospace	Providing Complete Range Of Revert/Mutilation/Scrap Handling, Fabrication/M&E And Project Management Services.	✓								✓															
19	C. Melchers GmbH & CO, Malaysia Branch	Manufacturing	Aerospace	C. Melchers Malaysia was established in 1958 to coordinate Melchers' trading activities in Malaysia. Their trading activities involve a broad range of machinery, industrial materials, construction equipment, NDT testing and calibration including aerospace.	✓						✓		✓															
20	CAAT Engineering Solutions Asia PLT	Human Capital	Aerospace	provide design and delivery of supply chain management; Supplier Quality and Technical Support Solutions; Integrated Online Business Information Management Systems; Training Programs; and Quality and Technical Consulting Services.																				✓		✓		
21	Celestica Malaysia Sdn Bhd	Manufacturing/Avionics	Aerospace	Electronics Manufacturing Services (Ems). Celestica'S Kulim Operation Specializes In New Product Launch, System Integration, Box Build, Fulfillment And Supply Chain Management. The Site Is A Center Of Excellence For The Aerospace Market.									✓															
22	Cetim Asia Pacific Sdn Bhd	Engineering Services	Aerospace	Provides A Comprehensive Range Of Services To The Mechanical Engineering Industry From Consulting To Testing And From Engineering To Training In New Skills									✓													✓		
23	Choppertech Services Sdn Bhd	MRO	Aviation	Mro And Servicing In The Subang Region. Provide Mro Solution With Direct Support From Oem And Oem Authorized Repair													✓			✓					✓			
24	CMS AD TECH Sdn Bhd	Manufacturing	Aerospace, Automotive, Marine	CMS AD TECH is the exclusive agent for South East Asia of the company of Italian corporation CMS SPA , which is the world largest manufacturer of 5 axis CNC machines and special solutions for the aerospace , automotive and marine industries.									✓															
25	Composites Technology Research Malaysia Sdn Bhd	Manufacturing	Aerospace	CTRM is entrusted with a strategic role to develop high technology based industry, namely the Aerospace and Composites industries. Apart from aerospace manufacturing, CTRM has also expanded into sub and major assembly activities and provides composite testing services, composite R&D and R&T, and composite repair. CTRM diversified its business into composites aircraft interiors, aircraft seats and transportations.		✓			✓				✓															
26	Curge Advance Sdn Bhd	Manufacturing	Aerospace, Aviation, Energy, General Engineering	Manufacture, Assembly And Tooling Manufacturing: CNC Machines: Multiaxis Metallic Machining, Milling Up To 5 Axis, Turning 2 Axis Cmm Machnies: Fully Automated 5 Axis Major Customers: Upeca Aerotech - Machining Parts Sam Precison - Machining Parts As9100 Since 2016		✓	✓	✓																				
27	Deftech Aviation Sdn Bhd	MRO	Aviation, Defence,	Advance Composites Maintenance, Repair And Overhaul Hub For Military And Commercial Aircraft.													✓			✓								
28	DEFTECH Unmanned Systems Sdn Bhd	Drone	Aerospace	DEFTECH UST has supported customers by offering a good range of Unmanned Aerial Vehicles (UAV) products and services with the required tools, expertise and certification from the relevant authorities to simplify the surveillance and monitoring the necessity of the customers. They also supplying UAV systems, offering UAV inspection and aerial surveillance services to commercial markets and military.																	✓	✓							
29	Delta Aerospace Sdn Bhd	Manufacturing	Aerospace	Delta Aerospace is in collaboration with Aeronautique Design & Service Bureau SA based in Geneva for the regional distribution, support and future development of the aircraft Aero Volga LA-8L seaplane. There are 3 phases; Phase one - Regional Distribution of the AeroVolga LA-8L and Borey aircraft, Phase two - Transferring manufacture and IP of LA-8L program into Malaysia and Phase three - future development of advanced versions of both aircraft. Delta Aerospace specializes in a wide spectrum of aviation sectors from aircraft distribution and related support services, aircraft consultancy and brokerage services, to flight training courses, to smooth project management on the aircraft asset tracking and evaluation services.									✓		✓												✓			
30	Destini Avia Technique Sdn Bhd	MRO	Aviation	Destini Avia is a joint Venture Company between Destini Bhd and Avia Technique (UK) Ltd and specialising in commercial aviation safety component maintenance including testing, repair and overhaul. They are a CAAM approved AMO and also hold approval from Department of Transport (USA) for pressurised cylinder requalification, CAAT and Avia Technique (UK) Ltd (for usage of their EASA approval). The main customers are Malaysia Airlines Group, Air Asia Group, Malindo Airways and Lion Air Group, K-Mile, Transmile, Kargo Express, WCA, JPO, MADOSS and other airlines and depot level MRO in Asia Pacific region.												✓				✓									
31	DNV GL International Sdn Bhd	Human Capital	Aerospace	Global Quality Assurance And Risk Management Company That Offers Certification And Training For Aerospace																					✓	✓		
32	DQS Certification (M) Sdn Bhd	Human Capital	Aerospace	Certification And Training For Aerospace																					✓	✓		
33	Drone Drops Legacy	Drone	Aerospace, Agriculture	To develop and deliver the highest quality, most inspiring, and inventive drone and virtual reality technology experiences, thus supporting the success of our clients. Primarily on AI, Agriculture and surveillance.																			✓					
34	D'Viation Solutions Sdn Bhd	Human Capital	Aerospace, Aviation	D'Viation Solutions Was Establish In 2012 To Provide Aviation Maintenance & Management Solutions To Airlines, Maintenance Repair Organisations (Mro), Operators And Owners.											✓			✓		✓						✓		✓

35	**Edvalue Logistics Sdn Bhd**	Manufacturing/Logistics	Aerospace, Aviation	Logistics Service Provider With Own Asset And Resources To Handle The Freight Forwarding, Custom Brokerage, Trucking/Distribution, Warehousing, Project Movement, Exhibition Support As Well Other Value Added Services									✓																✓
36	**Epic Aero Sdn Bhd**	MRO	Aviation	Epic Aero was established in 2016 and base in Seksyen U4, Shah Alam. Their provide Non Destructive Testing solutions including testing, training and equipment rental. Their customers including Raya Airways and ExecuJet															✓							✓			
37	**Erodromo Sdn Bhd**	Manufacturing	Aerospace	Erodromo Sdn. Bhd. was incorporated in November, 2010 with the vision of contributing towards global mobility via exploitation of technological advancements in materials such as composites (Carbon Fiber & Glass Fiber, etc.) and aircraft structural manufacturing equipment. Erodromo began its aerospace journey in Malaysia by entering the ecosystem as a value-added master distributor of special machine tool solutions to produce, inspect and assemble composite and metallic aerostructures. Additionally, Erodromo provides after sales service, support and maintenance provisions from its technical services and CNC machining depot in in Durian Tunggal, Melaka. Erodromo capitalizes on its principal partners' domain knowledge of building customized manufacturing systems and solutions to fabricate	✓	✓							✓													✓			
38	**ExecuJet MRO Services Malaysia Sdn Bhd**	MRO	Aviation	Specialising in airframe, avionics and engine maintenance; aircraft engineers are factory trained and certified on a wide range of aircraft, including: Bombardier, Dassault, Gulfstream and various others											✓	✓	✓	✓					✓	✓					
39	**Expeditors Malaysia Sdn. Bhd.**	Manufacturing, Logistics	Aerospace, Aviation, Automotive	Expeditors is a Fortune 500 service- based logistics company with headquarters in Seattle, Washington, USA. Expeditors generate highly optimized and customized supply chain solutions for their clients with unified technology systems integrated through a global network of 331 locations in 109 countries on six continents.																									✓
40	**Faculty Of Mechanical Engineering & Manufacturing Uthm**	Human Capital	Aerospace	University																						✓	
41	**Galaxy Aerospace (M) Sdn Bhd**	MRO	Aviation	Turnkey MRO solution provider for both Government and General Aviation. The capabilities comprise of both civil and military authorities for the design, continuing airworthiness, aircraft mro and workshop approvals in the local and foreign market.											✓	✓	✓			✓								
42	**GE Engine Services Malaysia Sdn Bhd**	MRO	Aerospace	GE Engine Services Malaysia Sdn Bhd was established since 1997 and have been 20 years in Malaysia. GE Engine Services Malaysia Sdn Bhd provides overhauling, maintenance, and repair services for aircraft engines. It operates through a workshop at the Sultan Abdul Aziz Shah Airport. The company's clients include Malaysian Airline Systems and other Asia-Pacific airlines. The company operates as a subsidiary of GE Engine Services.														✓										
43	**Giant Light Metal Technology (Malaysia) Sdn Bhd**	Manufacturing	Aerospace, Automotive, train	GLM Malaysia is one of the subsidiaries of Giant Light Metal Technology (hereafter referred to as GLM), China, and a third-tier subsidiary of Giant Group, Taiwan ROC. GLM specializes in producing super-hard aluminum, seamless aluminum tube, and other aluminum products and semi-finished products, widely used for bicycle, motorcycle, medical equipment, automotive parts, aerospace, and communication, etc.								✓		✓														
44	**GKN Engine Systems Component Repair Sdn Bhd**	MRO	Aerospace, Aviation	Focused On The Mro Sector. Their Services Include Metal Spray, Shot Peening, Welding, Heat Treatment, Paint And Repair/Overhaul/Restoration Of Engine Components.													✓	✓										
45	**Global Component Asia Sdn Bhd**	MRO	Aerospace, Aviation	Previously known as RUAG Sdn Bhd. Focus on Component repairs.													✓		✓									
46	**Global Turbine Asia Sdn Bhd**	MRO	Aerospace, Aviation	Independent Engine And Mro Service Provider Of Military And Civil Engines In The Asia Pacific Region. Jv With Safran Helicopter Engines. Specialise In Rotor Wing Engine														✓										
47	**Glory Water Management Sdn Bhd**	Manufacturing	Aerospace	Metal And Non-Metal Surface Finishing Industries Chemical And Petrol-Chemical Related Industries Electronics And Semi-Conductors Industries									✓											✓				✓
48	**Glory-Tech System Sdn Bhd**	Manufacturing	Aerospace	Glory Plating Materials Is A Malaysian Based Company Which Focuses In Providing Latest Chemicals Process Technologies, Advance Machinery And Equipments To Meet The Needs And Requirements For The Surface Finishing Industries In South East Asia.								✓	✓																
49	**Gromex Media Graphic Sdn Bhd**	Manufacturing	Aerospace, other industries	Implementation Of Interior And Exterior Aircraft Advertising And Decal Interior Overhead Stowage Compartment Bin Decal■ Exterior Decal■									✓											✓				
50	**Hamilton Sundstrand Customer Support Centre (M) Sdn Bhd**	MRO	Aerospace, Aviation	Collins Aerospace is a leader in technologically advanced and intelligent solutions for the global aerospace and defense industry. Created in 2018 by bringing together UTC Aerospace Systems and Rockwell Collins, Collins Aerospace has the capabilities, comprehensive portfolio and expertise to solve customers' toughest challenges and to meet the demands of a rapidly evolving global market. Hamilton Sunstrand Customer Support Service in Malaysia focus in MRO which specialised for aircond maintenance.													✓		✓										
51	**Henko Machine Tools Sdn Bhd**	Manufacturing	Aerospace, E&E, Automotive	Engineering Sales And Service Company Providing Process Solutions And Supply And Install Machineries And Metrology Equipment			✓				✓		✓															
52	**Hexcel Composites Sdn Bhd**	Manufacturing	Aerospace, space, Defence	(Established 2009) Is A Wholly Owned Subsidiary Of Hexcel Corporation And Its Function Is To Provide Commercial And Technical Support For The Customer In The Regions Of Southeast Asia, Australia And New Zealand.					✓				✓															
53	**HICOM - Teck See Manufacturing Malaysia Sdn Bhd**	Manufacturing	Aviation, Automotive	HICOM – Teck See (HTS) is a subsidiary of DRB-HICOM Berhad, one of the largest and most diverse conglomerates in Malaysia. HTS has 30 years of experience in manufacturing high quality plastic product for the local and global automotive industry. HTS intends to diversify its product range into the aviation industry.			✓						✓															
54	**Hornbill Skyways Sdn Bhd**	MRO	Aviation	Hornbill provide flight services and has main base in Kuching International Airport and corporate office at Bangunan Yayasan Sarawak, Jalan Masjid, Kuching. They also have maintain a hangar in Miri International Airport to serve the northern region of Sarawak. Hornbill owns various of aircraft including Bombardier, Beechcraft, Eurocopter and Bell helicopters.												✓			✓									
55	**Impressive Edge Sdn Bhd**	Manufacturing	Aerospace	Impressive Edge Sdn Bhd is a 100% Malaysian based technology company which have been in operation since 1994. The initial core business is to fabricate and supply precision parts and components for leading semiconductor electronics industries. They had progressed into design, development and supply of complete modules and machines, not only to semiconductor electronic industries but also other major industries including aerospace. In 2019, they have been certified for AS9100-D as well set up a plant to cater for the aerospace industries. So far they have the track record to prove their competencies in the area of machining metallic and composite molds, fabrication of holding jigs and fixtures. IE is well equipped with a competent design, quality control and technical staffs to support the business segments.	✓		✓	✓				✓	✓																
56	**Incora (M) Sdn Bhd (Previously Known As Wesco Aircraft Malaysia Sdn Bhd**	Manufacturing, Logistics	Aerospace, Defence, Space, Automotive, Pharmaceutical	A Leading, Global Provider Of Innovative Supply Chain Solutions To The Aerospace, Defense, Manufacturing, Pharmaceutical, And Other Industries. (Old: The Company'S Capabilities Consist Of Logistics And Part Supply Where They Provide C-Class Hardware And Chemicals. Have As9100 And Iso 14001. Wesco Is Registered As 2Rm Company Which Do Not Have Any Paid-Up Capital.							✓													✓				
57	**Inventec Performance Chemicals South East Asia Sdn Bhd**	Manufacturing	Aerospace, Automotive, Medical, Semicon, Energy	Provides Solution Through Their Chemical Products And Services For High Tech Industries (Electronics, Aeronautics, Medical Equipment, Micromechanics, Aerosol Formulation, Foam Expansion, Etc.							✓		✓															
58	**Jecmetal Industries Sdn Bhd**	Manufacturing	Aerospace, Oil& Gas, Semiconductor	Jecmetal is an ISO 9100:2015 , AS9100D certified and NADCAP accredited company. The manufacturing setup is geared towards low to medium volume and high-mix products. With the variety of machining processes and assembly capability, the company is capable of handling a wide range of products involving aircraft systems components, structural parts, composite tools and assembly tools, supplying to Tier 1 and Tier 2 suppliers locally and overseas.		✓	✓	✓				✓																	
59	**Kaizan Aero Manufacturing Sdn Bhd**	Manufacturing	Aerospace	Kaizan Aero Manufacturing Sdn Bhd was established in 2017. They are manufacturing specialists in Aircraft Refrigeration System Assembly, Tube Assembly Fabrication, as well as Brazing and Welding. they have AS9100 Rev D and NADCAP certifications.									✓															
60	**LRQA Malaysia Sdn Bhd**	Manufacturing	Aerospace, Automotive, Energy, Medical, Marine	LRQA is a leading global assurance provider. From independent auditing, certification and training; to technical advisory services; to real-time assurance technology; to data driven supply chain transformation, their innovative end-to-end solutions for their clients. They also provide AS9100 certification and training. However, they applied for Associate membership.																				✓	✓	✓		
61	**Malaysia Airports Holding Berhad**	MRO	Aviation, Aerospace	Management, Operation, Maintenance And Development Of Airports.										✓														
62	**Metalfinishing Industries Sdn Bhd**	Manufacturing	Aerospace	Metalfinishing Technologies was incorporated in April 2006 and establish a manufacturing facilities at Malim Jaya Industrial Estate, Melaka, Malaysia. The company specializes in surface finishing for aluminium and aluminium alloys anodizing and others ferrous or non-ferrous electroplating. A new company under the name of Metalfinishing Industries Sdn. Bhd. (MFI) was established in April 2009.								✓																
63	**Omega Fabrication Sdn Bhd**	Manufacturing	Aerospace, Energy, Automation, SemiConductor, Medical, General Industries	Local Based High Precision Tooling Manufacturer, Specialised In Precision Machining (Carbide), Precision Tooling (Trim & Form), Injection Mold Parts And Jig & Fixtures			✓	✓					✓															
64	**Oryx Advanced Materials Sdn Bhd**	Manufacturing	Aerospace	Oryx Is A Certified As9100 Company Providing Heat Treatment Services (Hot Isostatic Pressing) To The Aerospace Industry. Oryx Are Now Expanding Their Product Line To Include Metal Powders For Additive Manufacturing.									✓															
65	**Pen Aviation Sdn Bhd**	Drone/MRO	Aviation	provides customised aeronautical solutions business in Asia Pacific, providing services such as private jet and helicopter sales, financing, charter, aircraft management, project management, consulting and Unmanned Automated Vehicle (UAV) solutions															✓	✓	✓							

66	**Reka BST Sdn Bhd (Reka BlueSky)**	Manufacturing	Aerospace, Aviation	supports the design, manufacture, test and certification of Cabin and Structural modifications, and Cabin Interior Products & Parts. Their scope covers Commercial and Business Aircraft as well as Rotorcraft with projects ranging from antenna installations, cabin reconfigurations and pax to freighter conversions to small non-SRM repairs.															✓				✓	✓				✓
67	**Sanyco Grand Industries Sdn Bhd**	Manufacturing	Aerospace, Oil & Gas, Automotive	Sanyco Grand Industries Sdn Bhd started as an OEM automotive hydraulic brake & clutch components manufacturer. With more than 30 years of manufacturing experiences in Al casting, precision machining, functional assembly & component testing for OEM, Sanyco Grand is now the leading manufacturer of hydraulic brake and clutch safety components in Malaysia. Since 2017 with the certification of AS9100 Sanyco Grand also ventured into Aerospace and Oil & Gas industries with the supply of casting and precision machining parts for Malaysia customers.	✓	✓	✓	✓					✓																
68	**Sapura Aerospace Technologies Sdn Bhd**	Manufacturing	Aerospace	Sapura Aerospace Technologies Sdn Bhd provides manufacturing and assembly services of aerospace components, sub-assemblies, tooling, jigs, and fixture with AS9100 certification.	✓	✓	✓	✓																					
69	**School Of Aerospace Engineering, Universiti Sains Malaysia**	Human Capital	Aerospace	University																						✓		
70	**Season Malaysia Manufacturing Sdn Bhd**	Manufacturing	Aerospace, Defence	Season Malaysia Manufacturing Sdn Bhd is Season Group's facility in Malaysia. Originally branded as Parade and with a strong reputation in Plastic Thermoforming, the site has also become the main production site in Asia for Small and Medium-sized accounts requiring PCBA, Final Assembly or Cable & Harness Assembly. In particular, thanks to its AS9100 approval for Thermoforming, it has developed a particularly strong reputation for supporting Aerospace and Defense customers. Due to the trading links between Malaysia and Australia, the site has become Season Group's main support centre for Australian customers.		✓							✓															
71	**Selia Aerospace Technology Sdn Bhd**	MRO	Aerospace	Selia Aerospace Technology Sdn Bhd offering Reverse Engineering, Fabrication and Manufacturing and also includes Maintenance & Repair Organization for aircraft and component. They are also progressing towards the AS9100D Aerospace Quality Management Systems Certification.	✓								✓						✓								
72	**Singularity Aerotech Asia Sdn Bhd**	Engineering Services	Aerospace, Agriculture, Marine, Oil & Gas	Provides Aerospace Engineering And Iot Technology Services.	✓																				✓	✓			
73	**SIRIM QAS international Sdn Bhd**	Manufacturing	Aerospace & Other Industries.	SIRIM QAS International is a leading testing, inspection and certification body. After three decades of providing testing, inspection and certification under SIRIM Berhad, the company established a wholly-owned subsidiary of SIRIM Group – SIRIM QAS International in March 1997. Companies wanting to comply with internationally recognised standards have found their ideal solution in SIRIM QAS International's certification scheme. As a partner of the International Certification Network (IQNet), SIRIM QAS management ystem certificates are globally recognised																				✓	✓			✓
74	**Skyways Technics Asia Sdn. Bhd.**	MRO	Aviation, Aerospace	Skyways Technics Asia Sdn. Bhd. Focuses On Providing 24/7/365 Spare Part Support, Repair Handling And Aog Support To All Atr & Crj Operators Of The Asia/Pacific Region. Skyways Technics Asia Sdn. Bhd. Will Initially Allocate An Extensive Spare Parts Pool At Subang Aiport. Moving Forward, This Investment Will Be Increased And Adjusted According To The Customer Needs.													✓	✓										
75	**Smartlink Engineering Sdn Bhd**	Manufacturing	E&E, Aerospace	Smartlink Engineering is a local contract manufacturer that began its operations in July 2002 with currently two manufacturing premises in Malaysia (Shah Alam & Penang). From modest beginnings to gaining quality certifications and adding on a machining tool shop, they continue to grow with evolving times. Their specializations are in cable harnessing, box build & control panel, electrical & mechanical module assembly, system integration as well as providing engineering or design solution to their clients.		✓							✓															
76	**SMASTIP (M) Sdn Bhd**	Manufacturing	Aerospace and other Industries	SMASTIP was founded in 1994 as a hotrunner engineering solution supplier. Over the years, it has transitioned into CNC machining whereby SMASTIP acts as a machine shop to produce hotrunner services. Now, in 2022,SMASTIP is looking to specialize in precision manufacturing for the aerospace industry and to be recognized as the benchmark for turnkey manufacturing, delivering quality parts in a timely manner. With over 20 years of experience in the industry, powered by Haas CNC machines and SolidCAM from its sister companies, SMASTIP is a leading manufacturer built on a strong foundation. Practical training and rigorous testing are the hallmarks of SMASTIP's forward-looking culture. Setting the standard for modern machine shops everywhere, SMASTIP strives to implement a paperless management system that is environmentally friendly and efficient. SMASTIP also complies and certified with the AS9100D and ISO9001 standards which maintains the quality of our services. With the future in mind as well as adapting to Industry 4.0, SMASTIP is one step ahead and will always continue to advance in the technical expertise required to machine with even more productivity and precision.							✓		✓												✓				
77	**SME Aerospace Sdn Bhd**	Manufacturing	Aerospace	SME Aerospace (SMEA) Sdn. Bhd. is a wholly owned subsidiary of National Aerospace & Defence Industries (NADI) Sdn. Bhd., was formed in Year 1992 through the Offset Program. The launching products begin with the Hawk Aircraft Pylons for the BAE Systems, and the Civil Certified MD3-160 Aircraft Aerostructural Parts and Components. Both of these programmes were launched with the technical assistance of BAE Systems under the Hawk Aircraft Offset Programme.		✓	✓			✓		✓	✓																
78	**Spirit Aerosystems Malaysia Sdn Bhd**	Manufacturing	Aerospace	Development and assembly of Aircraft structures including wing and fuelage components (both composites and metallic) for Airbus A320/A350 and Boeing 737/787.		✓							✓																
79	**SR Technics Malaysia Sdn Bhd**	MRO	Aviation, Aerospace	Component Repair Shop with active 750 capabilities on A320/330, B737, CFM56 and PW4000 components.													✓			✓								
80	**Strand Aerospace Malaysia Sdn Bhd**	Engineering Services	Aerospace, Construction,	STRAND Aerospace Malaysia is a part of the STRAND Group of Companies. It is an established engineering and consulting services provider, specialising in Aerospace, Mechanical, Civil, Business Consultancy and Training.																				✓	✓		✓		
81	**T7 AeroTech Sdn Bhd**	Manufacturing	Aerospace	7 AeroTech Sdn Bhd, a wholly owned subsidiary of T7 Global Berhad, specialises in special processes in the aerospace manufacturing industry. Our vision is to be a leader in the provision of metal surface treatment for the aerospace industry in South East Asia (SEA) region.								✓																
82	**Technerve Technology Solutions Sdn Bhd (AERONERV E)**	Drone	Aerospace, Contruction, Agriculture, Defence	AERONERVE is a technology company that provide technological solution and digital transformation by leveraging drone technology, data governance technology, software development, system integration and deep technology. Their partners including Copter Express and SAT.Asia																		✓	✓	✓					
83	**Teson Aero Sdn Bhd**	Manufacturing	Aerospace	Capability In Manufacturing, Jigs And Tools Supplies And Servicing. The Company Provides Services In Aerospace Related To CNC Milling Machine, Turning Machine And Surface Grinding.			✓	✓					✓															
84	**UMW Aerospace Sdn Bhd**	Manufacturing	Aerospace	The manufacturing plant is located in Serendah, Selangor and tailor-made to support the Rolls-Royce engine assembly plant in Seletar, Singapore, which is in line with Rolls-Royce strategic intent to build a supply chain in the Asia Pacific region.		✓	✓						✓															
85	**Senior Aerospace Upeca**	Manufacturing	Aerospace, Energy, Oil & Gas	Senior UPECA manufactures and assembles build-to-print structural components for the civil aerospace industry.		✓	✓						✓															
86	**VStream Revolution Sdn Bhd**	Drone	Aerospace, Security & Defence	VStream is a company specialized in providing Drone/UAV solution for industrial & Commercial use. These include drone sales & services, autonomous Drone Security & Surveilance, Counter Drone solution (anti-Drone), IoT Solution and other Drone services (mapping, Inspection, Progress Video and training). they also provided Drone insurance																		✓	✓	✓					
87	**Sky Futures (Malaysia) Sdn Bhd**	Drone	Aerospace, Oil & Gas	Sky-Futures (Malaysia) Sdn Bhd is a wholly-owned subsidiary of Essem Group Sdn Bhd. Operating under franchise agreement with Sky-Futures UK. They provide end-to-end solution and drone-based inspection services to the global market. This expertise, operational knowledge and experience have been employed to develop ground-breaking software, sensor and technology solutions for the drone-based industrial inspection market. Our leading technology is being used today by clients looking to harness the power of drone-driven data collection and analysis. More about us in www. sky-futures.my and www.sky-futures.com																		✓	✓	✓					
88	**Airborne Solutions Sdn Bhd**	Human Capital/Logistics	Aviation, Aerospace	Airborne Solutions Sdn Bhd is an international air transport & integrated logistics solutions provider. We are specialised in aviation logistics, helicopter shipping, air cargo & cargo aircraft charter, providing total logistics solutions to clients from the aviation & aerospace industry.																				✓			✓		✓
89	**CAIDMARK SDN BHD**	Engineering Services	Aerospace, Military, Marine, Oil & Gas, Energy	Caidmark, an ISO 9001:2015 accredited engineering and ICT services company, was set up in April 1986 to offer engineering services and configure software for engineering and scientific applications. Our focus is on the military, marine, OGP (oil, gas and petrochemical), energy, transportation and higher education sectors. Caidmark is an Authorised Engineering Organisation (AEO) by the Directorate General of Technical Airworthiness (DGTA) for the Design Approval of Aircraft Structural Integrity (ASI) activities on RMAF aircraft and Engine Structural Integrity (ESI) activities on aircraft engine. Caidmark has a 4 star SCORE rating from SME Corporation. Quality policy which Caidmark is committed towards establishing itself as an international engineering services and ICT provider with great emphasis being given to customer's satisfaction through the implementation of an effective quality system which is continually upgraded																					✓	✓				✓
90	**My Aero Spares PLT**	MRO	Aviation, Aerospace	Aircraft and Helicopter Spare Parts Support							✓							✓	✓								
91	**Universiti Kuala Lumpur - Malaysia Institute of Aviation Technology (UniKL MIAT)**	Human Capital	Aviation	UniKL is a Malaysian government agency committed to provide world class educational programmes and technical learning with the aim of producing global enterprising professionals who shall explore and develop technology for the benefit of the nation and mankind. UniKL is the leading entrepreneurial technical university in Malaysia. UniKL Malaysian Institute of Aviation Technology ("UniKL MIAT") is one of the country's premier aviation training institute specializing in aircraft maintenance & technology programmes which offers foundation, bachelor, postgraduate programmes and professional certificate.																						✓	✓
